

AUS Resources

Help us help you!

Services Offered by the Academic Support Center (ASC) + First Year Experience (FYE)

First Year Experience (FYE)

Supports transitioning first-year students by offering them opportunities to engage meaningfully with the AUS community and learn skills that promote academic success.

Tel: +971 6 515 2428

fye@aus.edu

Main Building, M-M01B

Exploring Majors

- Advise undeclared students and students exploring different majors
- Administer the Strong Interest Inventory (questionnaire to help students explore their interest)

Advising

- Help students clarify their educational goals, develop study skills and connect to appropriate resources
- Advisors use various tools to assess students' study skills, such as the Learning and Study Strategies Inventory (LASSI)
- Students on academic probation are required to meet with an ASC Advisor

Academic Accommodations for Students with a Disability

- Provide academic accommodations for students with a physical or mental condition
- To receive accommodations, apply at the ASC by the fifth week of classes

Student Success Workshops

- Workshops are held regularly covering a wide range of student success topics
- An AUS Student Success Certificate is awarded to students who attend eight different workshops

Peer Supports

AUS students are available to meet with students. They can share their experience as an AUS student and study tips including time management. They can also help students discover opportunities to get involved and learn more about AUS resources.

Events

ASC offers various events designed to support the academic success of students.

Academic Services

Faculty Office Hours

All instructors hold weekly office hours (listed in the course syllabi), during which students can seek help directly from them. Contact instructor/professor for availability.

Academic (Major) Advisors

Offer course registration advising and information about the academic majors. Contact designated advisor for assistance.

Teaching Assistants (TAs)

Many TAs deliver recitations or labs and may also offer additional review sessions and weekly office hours. Ask your instructor/professor about TA availability and offerings.

Writing Center

Helps enhance writing skills and presents workshops on writing topics.
