

AUS Senate Standing Committees (2018-2019)

1- Academic Affairs Committee (AAC)

By delegation, this committee reviews curricular, academic, and pedagogy matters and recommends new or changes to existing academic plans, programs, policies, or implementation guidelines, for the purpose of continuously developing AUS as an excellent institution of higher learning and research, on solid financial ground. The scope of responsibilities of this committee includes: (1) University strategic planning as it relates to academic programs; (2) Reviewing, establishing, restructuring or eliminating academic units or programs; (3) Academic standards, procedures and policies relating to instruction; and (4) Accreditation-related issues. To discharge its function, the Chairperson of this committee is delegated the powers to request and receive, in a timely fashion, necessary reports from Administrators. This committee reports to the Senate Executive Committee (SEC) through the Senate President.
