Experiences abroad!

"Studying abroad gives you a glimpse of what the future is going to be like. It teaches you how to face difficulties alone and become an independent person."

Ibrahim Salloum, AUS civil engineering student, studied abroad at Washington State University, USA, during Spring 2014.

"Studying abroad takes you out of your comfort zone and helps you adapt to new cultures and academic settings."

Mohammed Hegazii, AUS civil engineering student, studied abroad at Louisiana State University, USA, during Fall 2013.

"There are rough days and easy days, but most importantly, you will learn so much which will change you for the better."

Hala Alkhalouf, AUS civil engineering student, studied abroad at George Washington University, USA, during Fall 2015.

How can I find out more?

You are welcome to meet with our advisors in the Office of International Exchange Programs (IXO), located in the Main Building (MG43). You will also find helpful information on our website, www.aus.edu/ixo.

The world is a book and those who do not travel read only one page. – Saint Augustine, Theologian and Philosopher (354–430)

"Traveling – it leaves you speechless, then turns you into a storyteller." – Ibn Battuta

"For my part, I travel not to go anywhere, but to go. I travel for travel's sake. The great affair is to move." - Robert Louis Stevenson

"I am not the same, having seen the moon shine on the other side of the world." - Mary Anne Radmacher

"The use of traveling is to regulate imagination with reality, and instead of thinking of how things may be, see them as they are." - Samuel Johnson

Feeling adventurous?

Study Abroad!

Civil Engineering Students
What is study abroad?

Study abroad means spending a semester or up to a year at an approved university outside the UAE. You can spend up to two semesters taking courses outside of AUS.

Spending time at a university abroad is a truly enriching adventure. You will experience first-hand a different way of life, as well as a new culture and educational environment. At AUS, we encourage you to take any opportunity that helps you grow and develop as global citizens. We can help you connect with universities around the world. This opportunity is affordable, fun and, planned properly, does not delay your graduation!

Why should I study abroad?

When you travel, you can have the adventure of a lifetime. By studying abroad, you can:
- develop an international perspective and intercultural skills that will appeal to prospective employers
- broaden your horizons through access to different experts and courses
- experience a new culture, and learn how to adapt

What are my options?

Our study abroad program allows a student to leave AUS to study at another university for up to two semesters while earning AUS credit. We offer many options for our students to study abroad.

Existing accredited partners that accept our civil engineering undergraduate students.

International Universities

- Ajou University
- Edinburgh Napier University
- Keimyung University
- Korea University
- RMIT University
- University of Bradford
- University of Malta
- University of Plymouth
- University of Ulster

- Korea
- United Kingdom
- Korea
- United Kingdom
- United Kingdom

US Universities

- Arkansas State University
- Howard University
- Kansas State University
- Louisiana State University
- Montana State University
- New Mexico State University
- North Carolina Agricultural & Technical State University
- North Carolina State University, Raleigh
- North Dakota State University
- Northern Arizona University
- Old Dominion University
- San Diego State University
- South Dakota State University
- Tennessee State University
- University of Idaho
- University of Kansas
- University of Kentucky
- University of Mississippi
- University of Nebraska at Omaha
- University of North Carolina, Charlotte
- University of Puerto Rico - Mayaguez
- University of Tennessee at Chattanooga
- University of Tennessee, Knoxville
- University of Texas at El Paso
- University of the Pacific
- University of Utah
- University of Vermont
- University of Wyoming
- Utah State University
- Virginia Polytechnic Institute & State University
- Washington State University
- West Virginia University

What are the requirements?

The basic requirements to study abroad are:
- good standing
- minimum of 60 credits completed at AUS
- minimum GPA of 2.75
- cannot take senior design project while abroad

Other requirements apply based on your specific program. Check with I XO for details.
