Incoming Students Spring 2019

Thirty-three new incoming study abroad students from 24 home universities in the Netherlands, Canada, Bulgaria and the US are arriving and settling into their new lives here at AUS. These new students increase our student diversity and will take courses across the university.

During the nine days leading up to the start of classes, IXO provides these students with an intensive orientation program, including outings to Mirdif City Centre, Arabian Wildlife Centre, the Heart of Sharjah area, Dubai and the Sheikh Mohammed Centre for Cultural Understanding, the Immigration Office (to finalize visa applications), Dubai Mall and La Mer Beach in Jumeirah.

The goal is to prepare and successfully launch these students culturally, socially and academically into life here at AUS.

Returning Students

The IXO bids farewell to those who studied abroad at AUS in Fall 2018. They were a fun group who made the most of their time here.

Returning AUS Students

During Fall 2018, 26 AUS students studied abroad at 22 universities in Canada, the Netherlands and all across the USA. Some of these students will remain at their host universities for a second semester, but many of them are returning to AUS for Spring 2019. We welcome back returning students and look forward to hearing more about their studies, travels and adventures.

DNA

We would like to congratulate three of our exchange students from Fall 2018 for participating in the play *DNA* by the Performing Arts Program at AUS. Amin Kilani acted in the role of "Danny," Tamia Wallace acted in the role of "Lou," and Lindsey Walsh served as the Stage Manager.

IXO Events

Game Day

Our study abroad students, along with some of peer advisors, enjoyed a fun Game Day in the IXO lounge before preparing for their final exams. This allowed them to de-stress before final exam week.

Global Village

We took our study abroad students to Dubai's Global Village, which always offers a fun evening of dining, shopping, entertainment and culture. This outing, along with the many cultural clubs at AUS, familiarizes them with the full diversity of cultures and peoples living in the UAE.

IXO Alumni Updates

Hams Alwalid, Study Abroad Alumna

Hams Alwalid was a chemical engineering major who studied abroad at University of Utah via ISEP Exchange in Fall 2014 and then worked at IXO upon her return until her graduation. She dropped in to our regular workshop "How to Market Your Study Abroad Experience to Potential Employers" last month. It is always lovely to see our former IXO Peer Advisors.

Congratulations, Cheriece!

Cheriece Davidson, one of our exchange students in Fall 2018, is a civil engineering student. She is now working at AECOM, one of the largest design firms in the world. Cheriece heard about this opportunity from one of our Peer Advisors, Himo Owais. After reaching out to one of the recruiters at the company, she was called in for an interview. She is currently working with AECOM on the Saadiyat Island projects with Abu Dhabi Tourism. We are truly proud of her accomplishment. Congratulations, Cheriece.

Visiting Guest-in-Residence Feedback

Melissa Tomassini is a master's student at the University of Siena, Italy. In November, she arrived in the UAE for a two-month stay as a Visiting Guest in-Residence at AUS to work on her dissertation research regarding public diplomacy strategies implemented by the UAE. She was hosted by Dr. Matteo Salvatore, Associate Professor in International Studies. Here is Melissa's feedback on her time at AUS and in Sharjah:

"[The International Exchange Office has] treated me with a lot of affection and I will treasure these memories...[During] my two-month stay...my research question [was] enriched...by the forward-thinking and cultural vitality undertaken by the Emirate of Sharjah, of which AUS is a proud emblem, with remarkable benefits for the outcome of my work."

We wish Melissa the best in her studies.
