AMP Course Registration Form

➢ Students accepted to the Accelerated Master's Program (AMP) may complete up to six credit hours in master's level courses concurrently with their undergraduate degree program requirements. Students must be registered in undergraduate courses during the semester/term they register for a graduate course.

➢ Students must satisfy the needed prerequisites or background for the master's level courses they wish to enroll in.

➢ The completed and approved AMP Course Registration Form must be submitted to the Office of the Registrar by the last day of the add and drop period of the registration semester/term.

➢ Students in the AMP cannot register for thesis or graduate professional project credit hours.

➢ Tuition fees are calculated based on the undergraduate tuition fee structure.

➢ Graduate courses completed while at the undergraduate level may be used to satisfy the undergraduate degree program requirements towards major/minor/concentration electives and/or free electives, as identified by the student's undergraduate degree program/minor. Consult the online course catalog or the online class schedule accessible via the AUS student information system to view course classifications.

➢ The minimum passing grade for graduate courses completed while in the AMP to transfer to the master's degree program is B. Other conditions apply. For full details on the transfer of credits requirements, refer to the Transfer of Credits Hours policy in the *AUS Graduate Catalog*.

➢ Grades earned in the master's level courses will be counted in the calculation of the student's undergraduate cumulative GPA.

Student Information		
Student's Name	AUS ID Number	Registration Semester/Term
Present Major (and concentration if any)	Present Minor(s) (if any)	Mobile No.

Requested GR Courses		
Course Code	Section	Needed background met through (to be completed in consultation with the GR Program coordinator):

Student's Signature	Date
GR Program Coordinator Approval	Date
Student's UG Program HoD Approval	Minor Coordinator Approval	Date
Student's Associate Dean's Approval	Date
Office of the Registrar	Date
