

PhD in

BUSINESS ADMINISTRATION (Concentration in Finance)

BEATOP RESEARCHER OR BUSINESS DEADER

The region, and the world, need leading-edge thinking to support their business leaders—individuals equipped with the latest research-based knowledge of their particular specialization.

AUS' new PhD in Business Administration, with a concentration in finance, will give individuals the expertise and confidence to become a future leader in finance-related academia or business. Learn more about AUS' latest PhD and what it can bring to the careers of those who earn it.

Why AUS?

- Flexible timing of classes, catering to busy professionals.
- Join an elite academic community and work closely with highly qualified faculty.
- Access world-class researchers and highly published academic instructors.
- Based on the North American-style model, providing cutting-edge knowledge through coursework, followed by an independent research dissertation under the supervision of top researchers.

AUS offers full and partial graduate assistantships for qualified students, along with additional graduate student employment opportunities.

The PhD BA Curriculum

The program's first concentration is in finance. The required and elective courses therefore reflect this specialization. Required and elective coursework, along with the qualifying exam and the dissertation, are outlined below.

Learning Outcomes

Graduates of the PhD in Business Administration are prepared for leadership in academia or industry. On completion of the program, graduates will be able to:

- critique methods of research and academic inquiry in the field of business administration
- reconcile the results of research in the business field of study with extant theory
- identify, investigate and synthesize complex issues within the field by applying a range of analytical tools and theoretical models
- communicate research outcomes effectively to academic and practitioner audiences both orally and in writing
- publish scholarship in peer-reviewed journals related to business administration and economics
- teach effectively and disseminate fundamental knowledge in the field of study and related areas in business administration
- uphold standards of ethical academic conduct

Admission Requirements

In addition to meeting the university's general requirements for admission to PhD degree programs, applicants to the PhD-BA degree program must meet the following program admission requirements:

- Applicants must have completed a master of science relevant to the concentration applied for, or a Master of Business Administration degree, with a minimum CGPA of 3.0.
- Applicants must submit an official Graduate Record Examination (GRE) score or Graduate Management Admission Test (GMAT) score.
- Applicants must submit three letters of recommendation, a statement of purpose and a current vitae/resume.
- Applicants to the PhD-BA with Concentration in Finance will be required to have completed a graduate-level course in applied econometrics.

"Our program is designed to drive the careers of ambitious graduates and professionals in either academia or industry. This program combines the very latest international knowledge and research with an understanding of the GCC's business landscape—a unique combination essential for success in a global and interconnected world. Through our committed and distinguished faculty and impressive facilities, candidates of the PhD BA will be given opportunities to realize their goals and expand their horizons by embarking on this exceptional research-based degree. We look forward to you joining us for this exciting program."

Dr. Narjess Boubakri Dean, School of Business Administration

Why SBA?

aashem

A A ED	 Ranked within the world's top 50 universities under 50 years of age. Ranked among the top 10 universities in the Arab world for the past six years.
